

Co-Hosted by The Catholic University of America Columbus School of Law's Law and Technology Institute and the Federal Communications Bar Association.

26th National Telecommunications and Technology Moot Court Competition

February 28-29, 2020

The Catholic University of America
Columbus School of Law Washington, D.C.

For a quarter-century, The Catholic University of America, Columbus School of Law has hosted the competition, which features an original appellate problem written by a panel of experienced telecommunications and technology attorneys. Competition briefs and oral arguments will be judged by private and government practitioners in the field.

Past final round judges have included:

Kathleen Abernathy, former FCC Commissioner
Matthew Berry, Chief of Staff to FCC Commissioner Ajit Pai
Joseph M. Di Scipio, Senior Vice President of Fox Television Stations, LLC
Sean Lev, Kellogg, Hansen, Todd, Figel & Frederick, PLLC
Lee Petro, Pillsbury Winthrop Shaw Pittman LLP and FCBA President Emeritus

Each year, the competition subject is “ripped from the headlines” of current telecommunications, technology, and intellectual property issues, such as potentially illegal jamming of unmanned aerial vehicles, consumer privacy of personal information, copyright protection of pre-1972 musical performances, and enforcement of broadcast indecency standards.

Registration deadline: **Monday, December 9th 2019**

The Problem is to be released in mid-December.
